REASONS FOR ALLOWANCE

Allowable Subject Matter

1. Claims 11-14, 17-22, and 25-28, and 30-33 are allowed over the prior art of record. Claims 1-10, 15, 16, 23, 24, and 29 have been Canceled.

2. The following is an examiner's statement of reasons for allowance: The Applicant has canceled previously rejected claim 29 to incorporate the subject matter into claim 27, and filed a Terminal Disclaimer in view of the Double Patenting issue of claims 11, 19, and amended claim 27. **The subject matter of claims 11, 19, and 27 are allowable in view of the Terminal Disclaimer of Patent No's 6244959 and 6239806 filed on 12/12/2005.** Independent claims 11, 19, and 27, distinguish over Garrido, who fails to teach or suggest the Applicants claimed invention. Specifically the feature in the Applicant's claims 11, 19, and 27, comprising two way communication and whereby said game program executing processing system is operable to determine the direction and speed for said player controlled object based on the amount of joystick angular inclination and inclined direction. Upon further consideration and in view of the interview of 11/10/2005 the Examiners agrees with the Applicants arguments filed on 5/24/2005 are persuasive. The combination of Ho, Marcus, and Ishiwata, failed to properly remedy what's lacking in Garrido. Therefore said features in combination with the other limitations of the above independent claims are allowable over the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
